EXAMINER'S COMMENT

1. The obviousness type rejection of claims 2-10, 13-18, 20-22 and 24-27 have been withdrawn after consideration of the arguments presented in the appeal brief filed on 2/20/04 and in further consideration of the arguments presented in an after final amendment, filed on 11/07/03, in which some of the subject matter of the above noted dependent claims were incorporated into their respective independent claims.

The Applicant provided an appendix to the appeal brief, presenting the independent claims in the form they were submitted in the after final amendment filed on 11/07/03. However, the Applicant did not cancel, in the Appendix, the dependent claims that were incorporated into the independent claims in the after final amendment. Therefore, it is being noted here for clarification, that only the claims presented in the after final amendment filed on 11/7/03 are currently present and allowable in the case. Specifically, those claims are 1, 3-12, 14-19, 21-23, 25-27.

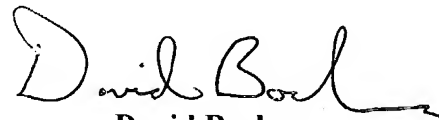

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
